Ordinance adopting the 2010 edition of the Model Traffic Code recently released by the Colorado Dept. of Motor Vehicles.

VIII. **Detail of Issue/Request:**

The Colorado Dept. of Transportation has issued the 2010 edition of the Model Traffic Code. This traffic code is intended to provide uniformity of basic road rules and local traffic regulations. The code standardizes traffic regulation and control on streets through the state. The last edition of the Model Traffic Code, which the town adopted by reference, was issued in 2003.

The process requires that the ordinance be introduced and that public hearing be scheduled. Notice of the public hearing must be published at least fifteen and eight days prior to the

hearing date. I will be present at the public hearing on September 14, 2010 to answer any questions the Board, or the public, may have.

IX. Legal/Political Considerations:

None.

X. Alternatives/Options:

Take no action, or set the ordinance over for public hearing on September 14, 2010, which will allow adequate time to meet the publication requirements for the hearing.

XI. Financial Considerations:

None.

XII. Staff Recommendation:

Recommend that the public hearing be scheduled for September 14, 2010, after which time the Board of Trustees can consider adoption of the proposed ordinance.
